**Subject:** RE: Deschutes TMDL Update and Document Request

Hi Chris,

I checked online, emails, and computer files and couldn't locate these items. I'm forwarding your request to Mindy Roberts who I'm sure can help. She doesn't work on Fridays and won't see the message until Monday. We'll get the information to you as soon as we can.

Regarding scheduling a meeting, the week of February 22-26 works best for me. I look forward to meeting you .

Lydia

**Subject:** Deschutes TMDL Update and Document Request

Good Morning Lydia and Dustin,

I hope this note finds you both doing well. As you may have heard, we are diligently reviewing all the great work and thought contained in the Deschutes TMDL. When you have a spare moment, I was hoping you might be able to send me a copy (or link to) of the sediment budget (Raines 2007) and hydrogeology studies referenced in the submitted TMDL. I may not be looking in the right place, or missed it on the TMDL technical documents website - I appreciate your patience.

Also, we were hoping to schedule a meeting with you and your colleagues in mid to late February to discuss any questions we might have.

Thanks in advance,

Chris and Laurie
